How do I care for my laminate flooring

Boss floorings are designed to be easily maintained. Simply dust, mop or vacuum with a soft brush to keep your floor clean from dust, dirt or grit. Clean all liquid spill immediately. Dry the floor thoroughly with a clean soft cloth. Do not use excessive water, never spray water directly onto the floor. Dry the floor thoroughly with a clean, soft cloth. Do not use still wool or other scouring pads that may scratch laminate panels. Do not wax or polish your laminate flooring. Apply felt pad to furniture legs to avoid scratches. Save a few extra boards for the future to replace a damaged panel.
